About Denver

Denver is a consolidated city-county, located in the South Platte River Valley on the High Plains, just east of the Front Range of the Rocky Mountains.

Denver is nicknamed the “Mile-High City” because its official elevation is exactly one mile, or 5,280 feet (1,609 m) above sea level. The 105th meridian west of Greenwich passes through Union Station, making it the reference point for the Mountain Time Zone.

The United States Census Bureau estimated that the population of Denver was 598,707 in 2008.
